Defense & Homeland Security Solutions

USA • Delaware • California

U.S. REPRESENTATIVE OFFERING

LANCE DISRUPTER

SCABBARD-STAND EOD DISRUPTER • EOD ROBOTS & FIRST RESPONDERS

The CTS Lance Disrupter combines Zero Convergence aiming, a Floating Breech® electric initiation, and self-contained recoil absorption into one system for high-precision, long-range water shots — deployable by hand or integrated on most EOD robots. Shares 12ga ammunition with the Dagger Disrupter.

Manufactured by CTS (Contre-Terrorisme et Sécurité), Pointe-Claire, Québec — 20+ years in EOD manufacturing, deployed in 55+ countries. WTF serves as CTS's authorized U.S. representative, coordinating market access, procurement, and commercial support for American agencies and units.
